Hi Nancy,

You requested the comment numbers which are being revised in consideration of Excelsior input since the date of our comments on the original Excelsior responses to EPA comments on the application. There are 53 comments that may need revisions. I have reviewed and revised 22 of those comments to this point. The 53 comments that may need revision are as follows:

3,4,5,6,8,9,10,11,12,15,16,17,19,27,32,33,34,35,37,40,44,45,,50,51,56,57,58,59,68,73,78,79,82,87,88,95,99,100  
129,130.

I have made revisions to the 22 comments numbered 3 thru 45 to this point, and 31 remain to be reviewed for necessary revisions. There are 77 other comments that do not require revisions unless you wish to revise them. I will endeavor to finish and send the revisions in an updated comment document to you by Wednesday, 2-15, as you requested.

If you have any questions, please let me know.

Thanks,

Jim
